CEDAR PRODUCTS CATALOG

BUILDING A LOG CABIN OR LUXURY HOME?

We'll supply the materials for your plan: White cedar hand hewn and end-match half log exterior and interior paneling at factory direct prices. Call 888.829.5909 or email us at products@cedarhomes.com.

In addition to Northern White Cedar we also harvest large virgin timbers of spruce and pine which often grow in the same forests. We also access special one-of-a-kind timbers from areas partially damaged by nature. (As members of the Michigan Forest Resource Alliance, we always practice prudent and environmentally sensitive harvesting and removal techniques.)

The exact product selection available varies from time to time and can be viewed and ordered on our web site. If you have a special need that you don't see here please contact us directly for more information.

Cedar Natural Match Paneling

Rich with grains and knots, Cedar Natural Match is tongue and groove, end-matched paneling sanded in random lengths to maximize product usage, reduce waste and onsite labor.

Cedar Natural Match is also available pre-finished which eliminates costly on-site finishing. The perfect choice for interior or exterior application.

Both rough sawn and smooth finishes available in 1" x 5" or 1" x 6" dimensions.

Sold in random lengths.

White Cedar Double Bead Board Paneling

Perfect for wainscoting, paneling or ceilings.

Tongue and grooved in 1" x 4" or 1" x 5" dimensions.

Sold in 8' and 42" lengths.

Machined Saddle Notch Corners

Beautiful and naturally weather resistant, these unique corner pieces are a wonderful alternative to vertical corners.

Available in 8" diameter.

Butt & Pass Corners

An additional choice for the corner of your home, butt and pass corners provide a different look than saddle notch corners while still providing a natural resistance to the elements.

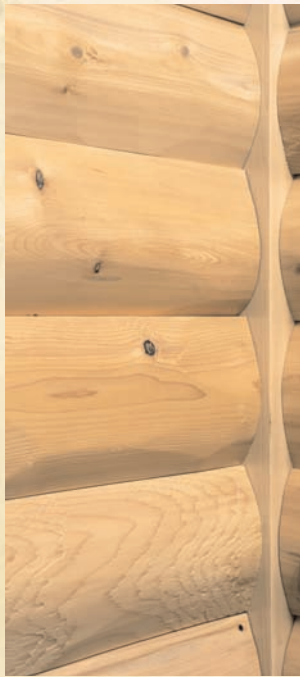

Available in 6" or 8" diameters.

Vertical Corners

Vertical corners are an alternative to saddle-notch and butt and pass corners, and are used to create a clean line along the corner of your home.

Available in either 6" or 8" diameters, and in 8' or 10' lengths.

White Cedar Siding

Tongue and grooved hand hewn siding with end-match for easy application on your cabin, home or interior wall.

Half-Log Siding -

Available in 3" x 6" or 3" x 8" dimensions. Sold in random lengths.

Quarter-Log Siding -

Available in 2" x 6" or 2" x 8" dimensions. Sold in random lengths.

Structural Timbers, Trusses, Rafters and Support Posts

A variety of species are available for many different applications.

Structural or non-structural rafters are available.

All of our timbers are graded to meet current building codes.

Structural Trusses, Rafters and Support Posts are available up to 12" diameter. Hand hewn finishes available.

Call 888-829-5909 for assistance with your specific size requirement.

Hand Hewn Trim

An excellent choice to accent your rustic exterior or interior.

1-1/4" x 5" hand hewn trim in a corner cap pattern.

3" x 6" and 4" x 6" hand hewn trim also available.

Rough Sawn and Smooth Finish Trim

Used for soffits, facia, and all other interior and exterior trim needs.

1" x 4", 1" x 6" or 1" x 8" rough sawn or smooth finish in random 8' lengths.

White or red cedar available.

White Cedar Interior Doors

Available in 2, 4, or 6 panel designs.

White cedar or pine available.
